

[Mehmet Ali Ateş]

Unity Game Developer

[İzmir, Türkiye] · [05300214416] · [mehmetali.ates03@hotmail.com]
<https://www.linkedin.com/in/mehmet-ali-ates-ab564b215/> ·

PROFESSIONAL SUMMARY

Versatile Unity Game Developer with 3 years of experience in the full software development lifecycle. Possesses a unique “T-shaped” skill set combining robust C# programming with game design and project management. Proven track record of shipping titles like *Tech Loop* and *Rika’s Adventure*, and optimizing workflows in fast-paced studio environments. Currently expanding analytical capabilities through a degree in Statistics, bridging the gap between creative design and data-driven development.

TECHNICAL SKILLS

- **Languages & Engines:** C#, Unity 2D/3D.
- **Architecture & Concepts:** OOP, SOLID Principles, Design Patterns (Singleton, Observer, State, Command), Clean Code, Refactoring.
- **Tools & SDKs:** Git/GitHub, Plastic SCM, Google Mobile Ads (AdMob).
- **Key Competencies:** Game Design, Level Design, Debugging.

PROFESSIONAL EXPERIENCE

WANTED GAME STUDIO

[Nilüfer, Bursa]
1.5 years

Game Developer (Hybrid Role: Dev & Design & PM)

- Engineered core gameplay mechanics and systems using **C#** and **Unity**, ensuring high performance on mobile devices.
- **Cross-Functional Leadership:** Operated beyond the typical developer scope by spearheading **Game Design** decisions and crafting engaging core loops for hypercasual titles.
- **Project Management:** Orchestrated the development lifecycle of multiple projects; managed timelines, assigned tasks, and facilitated communication between art and dev teams.
- Integrated third-party SDKs (Google Mobile Ads) and analyzed user data to improve retention metrics.

KEY PROJECTS & RELEASES

Waifuro : Roguelike Waifubuilder | *Lead Developer & Game Designer*

- Developed a polished pc roguelike deckbuilder game. Handled the entire game from prototyping to publishing.
- [Steam Page](#)

Rika’s Adventure | *Lead Developer & Game Designer*

- Developed a polished mobile turn-based action - strategy game. Handled everything from core mechanics, game design, implementing the visual effects, post processing to google ads, publishing.
- [Watch Trailer \(YouTube\)](#)

Tech Loop | *Lead Developer & Game Designer*

- Developed a polished pc - mobile top-down action game. Handled the entire game from prototyping to publishing.
- [Watch Trailer \(YouTube\)](#)

Prototypes & Game Jams

- Developed functional prototypes and mini-games under 48-72 hour constraints in various Game Jams.
- [Gamblemon](#)
- [Decks of Echoes](#)
- [ByteBane](#)

EDUCATION

DOKUZ EYLUL UNIVERSITY

B.Sc. in Statistics (Current Student)

Izmir, Turkey
2025 – Present

MANISA CELAL BAYAR UNIVERSITY

Associate Degree in Computer Programming

Manisa, Turkey
Graduated: 2025
